We design, We make, We fit We bring joy

Innerspace Cheshire is based in Whitchurch in the North West of England where we make products that are kind to people, the planet and animals.

Our local, dedicated team of makers hand craft our product range at our workshop. And our installation team travel up and down the country to fit all products nationwide.

"If you're passing by come meet all the team and our loyal, key member - Penny, the Labradoodle"

Mineralwall.

Innerspace Cheshire Mineralwall is a selection of urban, industrial finishes that are supplied on a roll. A flexible product choice to be used in interior spaces to help achieve an urban look.

Every sheet on a roll is individually hand finished so there is no pattern repeats and authentic finished look due to real particles.

Mineralwall.concrete plain

URBAN RANGE

Mineralwall concrete plain is a modern, timeless surface with a plain poured finish. The wallpaper thin product makes it highly versatile. It can be used for countertops, floors, walls, and even furniture.

Mineralwall.concrete shutter

URBAN RANGE

Mineralwall concrete shutter again like concrete plain is a modern, timeless surface. It has a shuttered finish with the imprint of the timber shuttering visible on the surface. It can be used for countertops, floors, walls, and even furniture.

Mineralwall.rust

URBAN RANGE

Mineralwall rust's industrial look is highly desirable. Deep orange autumnal tones of rusted steel create an aged and weathered look with a sense of history. Rust on a roll is available in a plain finish creating the effect of rusted sheet metal or in a waffle finish with a much heavier texture.
