Specification.

Natureverde

Innerspace Cheshire **Natureverde foliage products** are suitable for internal use.

Sustainability

All our preserved foliage is sourced from sustainable sources, where they can regrow each growing season. At the end of its useful life the foliage can be composted.

Our MDF has very low VOC and zero formaldehyde emissions.

All our manufacturing is in our own workshop, run on renewable electricity.

	Installation		Maintenance
Walls	jungle / jungledesign / ivy forest Panels are screw fixed straight into the substrate wall. Wall will be battened out. The panels are screwed into the battens. Framed feature walls can be either hung on split battens or screwed straight into the substrate wall.	General	Preserved foliage does not require any watering, or any light source. Generally, no maintenance is required.
		Dusting	The foliage can be lightly brushed over to remove any debris that has settled.
		Protection	Care should be taken to avoid damaging the natural material. If the foliage is damaged, the panels can be repaired. Contact us to organise this.
Planting	inserts trees pots hangingfoliage Custom built to slot into a planter box trough. Supplied with legs for elevation. Screw fixed into a suitable tree stand or tree box. Simply placed on a chosen flat surface. Hanging pots are to be hooked. Either hooked or wired onto grids features or furniture items etc.	Humidity	Preserved foliage can be damaged if humidity level is very high or very low. Restore comfortable humidity levels as soon as possible to avoid long term damage.
		FR Spray	We offer a fire treatment spray to our foliage - only available on request. Certification information available.
Grids	meshgrids / ceilingrafts Screw fixed into the substrate wall or ceiling.		

Specification Walls.

Natureverde

Innerspace Cheshire **Natureverde** walls offer 5 different wall designs. All walls are custom built to fit the size of your required space.

Unless specified and agreed at the time of order, Innerspace Cheshire reserves the rights to produce its walls using its own artistic interpretation.

Foliage plants may vary from time of order. Due to fluctuation with seasonal growing and stock levels.
