CHESHIRE

We design, We make, We fit We bring joy

Innerspace Cheshire is based in Whitchurch in the North West of England where we make products that are kind to people, the planet and animals.

Our local, dedicated team of makers hand craft our product range at our workshop. And our installation team travel up and down the country to fit all products nationwide.

About.Ynghyd

MULTIFUNCTIONAL PEGBOARD SYSTEM + ACCESSORIES

Ynghyd is our multifunctional pegboard system which is designed to bring people together.

The product is made from stunning natural materials, and is available with a range of interchangeable accessories intended to enhance the aesthetic of interior spaces, promote collaboration, add biophilic design and serve a number of practical solutions.

We chose to call the product **Ynghyd** [ung • heed], a Welsh term meaning "community," to honour the collaborative essence of the product and our ties to Wales, highlighted by our remarkable Welsh team members and our proximity to the border!

Ynghyd.community

When you're working on a project or brainstorming ideas as part of a team, having the right tools to facilitate collaboration is essential.

With its array of interchangeable accessories, **Ynghyd** helps to make collaborative working a reality.

Ynghyd.commercial

Not only are Ynghyd's pegboards and its many accessories made from durable natural materials which increase the system's lifespan, the interchangeable nature of the accessories allow interior spaces to be occasionally refreshed without the need to introduce new products into the environment - making Ynghyd a sound investment in the long run!

Ynghyd.biophilia

MULTIFUNCTIONAL PEGBOARD SYSTEM + ACCESSORIES

Biophilic design is in our DNA at Innerspace Cheshire, and if you're familiar with our other products it will come as no surprise that a number of Ynghyd accessories also aim to bring the outside indoors!

Natureverde.terracotta pots

Natureverde.glass vases

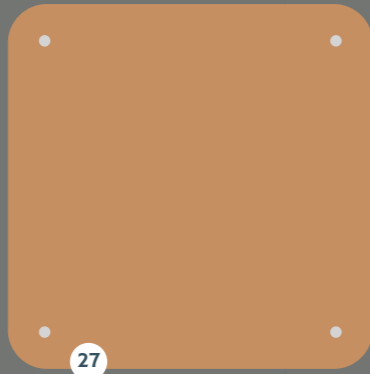

Our terracotta pots are available in a selection of colours and slot securely into holes within Ynghyd's shelving. They can contain our trademark foliage. Our glass jars can be filled with natural pebbles or stones with preserved central beargrass strands. This classy yet straightforward decorative piece is perfect for your space.

Little Greene Company paint options

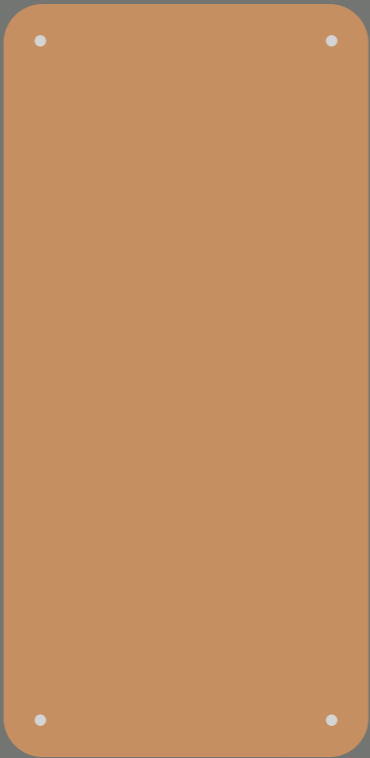

Ynghyd.cork pinboard

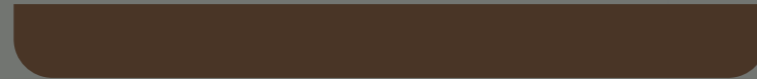

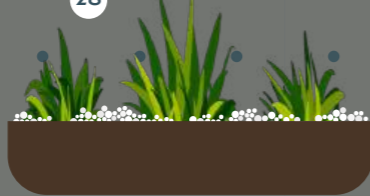

27

Cork is widely considered to be one of the world's most sustainable materials. It can be harvested from cork oak trees without cutting them down. This material is harnessed to create products across the globe, including our cork pinboards, which are available in two sizes.

28

27 Cork pinboard

28 Cork pinboard

x25 pins included

Ynghyd.hanging pots

Our **hanging pots** are perfect for creating a visual statement, with pegs specially designed to keep our foliage-filled terracotta pots securely in place. Match the style of any interior with our vast range of painted colour options.

The black metal chains and hooks used for suspension create a visually appealing contrast against the pegboards.

L Small hanging pot

M Medium hanging pot

N Large hanging pot

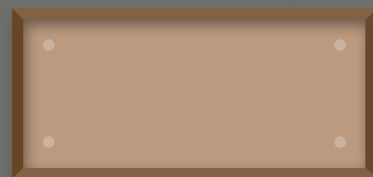

Our **hanging pots** can be hand painted. See page 14 for paint options available...
